Happy Friendship/Heart Month! We are starting our first project of the spring semester and will be studying “Tools”, how we use them, what we can use them for, etc. You can often catch us exploring with REAL experiences through tools and will be doing so through various activities in the classroom, as well as outdoors. We will be exploring occupations in our everyday environment and the tools that they use to help them succeed. We love sharing these experiences with you and all our friends! There are so many awesome opportunities to teach children how to care and grow through giving, recognizing, and displaying children’s work, etc. Please be prepared for the weather changing by exchanging extra winter clothes and bringing jackets daily. Don’t forget to check your paper cubby daily for important news and information. If you would like to volunteer during any activities please see Christian or Molly. We would love for you to join us!

Don’t forget to read to your child everyday!

Important Dates to Remember:

February 10th: “Nurturing Touch” Parent Training 9-12pm

February 16th: Friendship Card Exchange 2:30pm

February 22nd: Parent Roundtable Discussion 5:30-6:30pm
