We are having a Child Development Student complete her fieldwork during the first week of April. We are looking forward to her project and activities she has planned for our class.

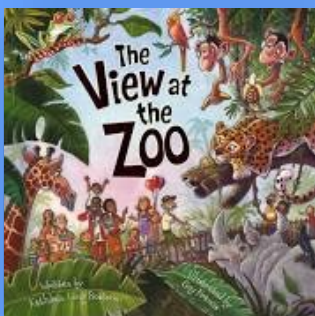

We will be kicking off our celebration of **The Week of the Young Child** with our annual Art Show, opening on Monday, April 16. Your child will have at least two art items on display! We will have various events and activities throughout the week.

We will also be starting a new project about Animals. We will be collecting change to adopt the Red Pandas at the OKC Zoo, and we are planning a trip to the OKC Zoo on April 28th. You will receive a flyer with all the details .

If you have any question or would like to participate in our classroom activities, please talk to Julie or Tiffany.

Happy Birthday!
