Curriculum Proposal—Graphic Communication-Course and Curriculum Pattern Modification

As a result of the Graphic Communications program review, it was discovered that the three options—Multi Media, Photography/Digital Imaging and Print Media—do not share at least the required 50% of their major core classes. To mitigate the situation, the program faculty propose the following changes:

Changes to the Multimedia option include, the removal of GCOM 2833 Web Page Design II, GCOM 2843 Web Page Animation II and GCOM 2853 Multimedia Portfolio Production as required courses. These courses remain available to students as approved support electives. In addition, GCOM 2803 Portfolio Preparation and Presentation will be added as a required major course.

Motion to approve the modification to curricular pattern in order to create common major classes in the Associate in Applied Science in Graphic Communications: Multimedia option was made by Dr. Steve Shore and seconded by Ms. Lisa Buckelew.

For 11; Against 0; Motion Carried

Changes to the Photography/Digital Imaging option include the removal of GCOM 1133 Introduction to Macintosh and the addition of GCOM 1023 Introduction to Graphic Design as a required course.
Motion to approve the modification to curricular pattern in order to create common major classes in the Associate in Applied Science in Graphic Communications: Photography/Digital Imaging option was made by Dr. Steve Shore and seconded by Mr. Chris Verschage.

For 11; Against 0; Motion Carried

The program faculty propose the modification of course description for GCOM 2803 Portfolio Preparation and Presentation to reflect this course will be taken by all options.

The program faculty also request removed "by evaluation" from:
Having a rubric was perceived as barrier to course entry and the program faculty chose to drop the rubric screening method.

GCOM 2843 Web Page Animation: Flash II
GCOM 2833 Web Page Design II
GCOM 2803 Portfolio Preparation and Presentation

Motion to approve the modification of the course description for GCOM 2803 Portfolio Preparation and Presentation, GCOM 2843 and the removal of by evaluation from GCOM 2803 Portfolio Preparation and Presentation, GCOM 2843 Web Page Animation: Flash II, and GCOM 2833 Web Page Design II was made by Mr. Chris Verschage and seconded by Mr. Greg Mellott.

For 11; Against 0; Motion Carried

Due to the combining of reading and writing into a single Developmental English course, courses with both the R and/or W designation and a prerequisite which establishes college level proficiency in R and/or W will have the RW removed. Courses with the R and/or W designation without an additional prerequisite will establish ENGL 0203 as the prerequisite.

These courses are being modified by these current curricular changes and the program faculty are addressing these additional changes, other courses will need to be addressed at a later time
GCOM 1023 Intro to Graphic Design
GCOM 1133 Intro to Macintosh

Motion to approve the change in prerequisite for GCOM 1023 Intro to Graphic Design and GCOM 1133 Intro to Macintosh was made by Mr. Haifeng Ji and seconded by Dr Haining Chen.

For 11; Against 0; Motion Carried

**Curriculum Proposal-** Film and Video Production-Course and Curriculum Pattern Modification

Due to a lack of a quorum resulting from the presenter being a member of the committee, the Film and Video Production modifications were tabled until the December 5th meeting.

Next meeting agenda will be sent out soon, with no further questions, the meeting adjourned 4:00 P.M.
